INPESCA Policy Regarding Full Retention of Tuna

INPESCA complies with ISSF Conservation Measure 3.3, "Full retention of Tunas-Purse Seine Vessels".

INPESCA complies with this resolution by internal policies in order to keep on board tuna caught by our purse seine vessels must be fully retained, except those unfit for human consumption.

In order to ensure the requirements observed on that resolution, INPESCA:

1. Carry on regular internal / external audits of all vessels.
2. Complies with full observer coverage on all vessels.
3. Collects Captain's Statement for every fishing trip.
